EDUCATION

University of Patras

BSc in Computer Engineering & Informatics

Patras, Greece

Oct 2024 – Present

- Current GPA: 8.4 / 10
- Activities: Executive Member at ACM UPatras Student Chapter and Coordinator of the Cybersecurity Group

PwC Greece

Big Four professional services firm – Software Academy

Patras, Greece

Software Academy Participant

Oct 2025 – Jan 2026

- Completed a 25-hour intensive Academy delivered by PwC, building a full-stack project end-to-end across NodeJS, Python, PostgreSQL, FastAPI, Docker, and Git in a team-based delivery model

PROFESSIONAL EXPERIENCE

SacredByte GmbH

Berlin-based IT managed services firm delivering security, infrastructure, and support to SMB clients

Berlin, Germany

IT Systems and Security Administrator

Mar 2026 – May 2026

- Led a structured evaluation of our operations tools consulting 20+ functional, security, and commercial criteria, producing a comparison matrix and vendor recommendation that informed leadership's go-forward client support strategy
- Partnered with the co-founder to translate ambiguous client requirements into prioritized technology decisions, weighing cost, security, and operational simplicity to align with leadership's lean operating philosophy
- Designed and deployed secure IT infrastructure for multiple SMB clients across Google Workspace, MDM, and network security tooling, balancing strict security posture with low-friction end-user experience
- Authored standardized internal documentation including feature playbooks, vendor outreach communications, and process workflows, enabling consistent service delivery across a distributed team and accelerating new-client onboarding

Demetra Agro App

Early-stage AI-powered AgTech venture serving farmers and agronomists

Patras, Greece

Co-Founder & Full-Stack Developer

Feb 2025 – Sep 2025

- Co-founded an AI-powered platform from concept to MVP, leading a cross-functional 5-member team across software, research, and business development to take the product to market within 8 months
- Coordinated business development and go-to-market activities with farmers and agronomists, validating early product-market fit through structured user interviews and iterating on the value proposition based on field feedback

Conference and Cultural Center, University of Patras

Technical Support Staff

Patras, Greece

Feb 2025 – Aug 2025

- Supported live execution of 10+ academic and tech events including TEDx Patras and Piraeus Startup Accelerator, coordinating with organizers and external speakers to ensure seamless on-the-day delivery under tight time constraints

EXTRACURRICULAR ACTIVITIES & ACHIEVEMENTS

ACM UPatras Student Chapter

Executive Member & Cybersecurity Group Coordinator

Patras, Greece

Nov 2024 – Present

- Founded and lead a Cybersecurity Group conducting hands-on research, ethical hacking, and forensics practice with fellow students, co-organized coding workshops and student tech events, growing engagement with the local student community

Hackathons & Competitions

Participant & Volunteer

Various Locations

Oct 2024 – Present

- CSCG 2026: Secured 2nd Place in Greece through applied web, system, and network exploitation, also participated in Invent for the Planet and supported GRPCPC organizers in Patras with Linux administration and on-site logistics
